Evandale time capsule to open window to city's past

Thursday, 10 September 2015 – 11am

Sealed beneath the Council's Surfers Paradise Civic Administration building foyer is a time capsule, providing a fascinating window to the Gold Coast of 11 September 1976. The opening of Evandale's first civic building on that day marked the start of the precinct's early evolution into our city's civic and cultural heart.

Gold Coast Mayor Tom Tate and Councillor Lex Bell will lead a celebration of our past and future as we prepare for Stage 1 of the new cultural precinct.
